

INSTRUCTIONS FOR OBJECTIVE PART OF MIDTERM

Objective part will be 1/2 multiple choice, 1/2 true or false, (25 questions) 5 points total
To prepare, study my notes (the full notes & PowerPoints, (including Marx & Engels).
The PowerPoints have been compiled into one file. The file is not one PowerPoint, it is
a file of different PowerPoints, the different backgrounds and font colors for each
signals the different PowerPoints. I suggest you break them up to study.

You have 35 minutes to complete objective exam. Once you begin, you have to complete.

You will find all notes you might need for OBJECTIVE exam in the table this week,
including Introductory notes and notes for Marx & Engels.

The OBJECTIVE exam will be mostly straight from the PowerPoints

The Essay part of this exam is completely separate, not even part of the **Quizzes**
database, but is instead an **Assignment** submission. This means you do not have to
do the ESSAY & OBJECTIVE EXAM at the same time. They are completely separate,
take them separately if you want to.
